

THE FAIRWAY

TRANSACTIONAL DIGITAL SIGNAGE

THE MASTERS SERIES

ENGAGING TRANSACTIONS

The Fairway merges the attraction capability of digital signage with the full transaction functionality of a kiosk, providing the best of both worlds. The 32" landscape LCD provides an inviting digital merchandising venue to spotlight your consumer application. The platform is ideal for web-based inventory expansion, customer loyalty, registration, advertising, and hospitality applications.

Retail component sets are securely enclosed behind a hinged front door panel, making service access simple and efficient. The stand-alone enclosure provides greater placement flexibility than traditional wall-mounted solutions, facilitating maximum consumer engagement and accelerated ROI.

The Fairway's minimalistic enclosure lines provide a flexible canvas for enclosure finishes and custom artwork to enhance your brand and deployment setting.
